SEC extends deadline for MILL special audit report

Bangkok, October 17, 2013 – The SEC extended the submission date of the special audit report of Millcon Steel Plc. (MILL) until no later than October 31, 2013.

Earlier, the SEC had ordered MILL to arrange a special audit concerning transactions with MILL’s business alliances which may be considered as related parties and shares dilution in Million Miles Co., Ltd., formerly a subsidiary of MILL; as well as submit the special audit report to the SEC by October 7, 2013.

Mill later requested the SEC for deadline extension to allow sufficient time for auditor to do the job. The SEC therefore granted an extension of submission date to October 31, 2013.
